BREAKFAST SMOOTHIES

Method

1. Empty pouches of yogurt into a 4 gallon or larger container.
2. Stir in juice concentrate (shaken is necessary) and water.

Directions

1. Turn JuiceAlive machine auger setting on and set temperature to ICE.
2. Immediately pour water, juice concentrate and yogurt directly into one side of JuiceAlive machine.
3. Allow machine to run until mixture reaches “slushy” stage, approximately 45 minutes to 1 ½ hours.
4. Dispense 8oz. of product into 9oz. cup and serve immediately or hold chilled (up to 45 minutes).
5. Empty machine and sanitize daily.

SERVINGS: 384oz. each, 48 servings
(1 serving = 1 smoothie: 1 meat/meat alternate. ½ cup fruit juice) Does not comply with USDA ‘Other Beverage’ Smart Snacks criteria
